What is familial status discrimination? This conference will provide an overview of both federal and state fair housing laws in regards to familial status; and how to make sure you do not violate the law.

Liza Cristol-Deman, Esq., is a partner at Brancart & Brancart, a Bay Area law firm that represents plaintiffs in housing discrimination cases in federal and state courts throughout the United States. She joined the firm in 1997 after graduating from Stanford Law School, where she was active at the East Palo Alto Community Law Project and served as the managing editor of the Stanford Law and Policy Review. In her first year of practice at Brancart & Brancart, she won a verdict for the plaintiffs in the first-ever California trial involving housing discrimination based on sexual orientation, under the leadership of her colleague, Chris Brancart, and attorneys from the California Department of Fair Employment and Housing.
